Your trip returns to this location around lunch time.
(Start Date: December 19, 2017)
1801 N. Ocean Blvd, Boca Raton, FL 33431

Gumbo Limbo Nature Walks
The trails at the Gumbo Limbo Nature Center are built on elevated boardwalks because much of the area is wetland.

Salinity Requirements for Marine Animals
Salinity requirements for marine animals in the Nature Center’s aquariums require pumps that move ocean water into the Gumbo Limbo facility. Though Gumbo Limbo does not have land directly on the beach, it does have Intracoastal Waterway frontage. The Nature Center also occupies land which is part of the beachfront Red Reef Park.
