I watched The Truman Show on June 16, 2018 and I was startled to see “9 Sirius Canis Major” handwritten on the stage light. The Sirius star system is in a constellation called Canis Major and I suspect that the number 9 may refer to the “Council of Nine” who are a group of ETs who call themselves the “Nine,” or the “Nine Principles” in channeled messages through author Phyllis Schlemmer and an Indian mystic named Dr. D.G. Vinod who worked for a CIA operative named Andrija Puharich. The “Nine” are also the nine deities that form the “Great Ennead” of Heliopolis (see my notes on the Egyptian Ennead at http://housing.x10host.com/ennead.pdf).
After seeing “Sirius” on the broken stage light, I Googled Truman Show stage light and Sirius to find comments. About a dozen people have analyzed the scene but none have said, “there are Sirians on Earth that is a large version of The Truman Show. Sirians have been on Earth for more than 30,000 years. About 98 percent of the world's famous people are Sirian. Some are very nice and others are similar to the mob: they like control and they kill people.

The Internet Movie Database (IMDb) has a page of quotes from the film including a remark made by actor Ed Harris’ character named Christof, who is the creator of The Truman Show. Christof says, “We accept the reality of the world with which we're presented. It's as simple as that.”
